

HELP YOUR BUSINESS AND HELP THE ENVIRONMENT

Carbon Neutral can help you with...

please select your areas of interest

IMPROVING YOUR BUSINESS

- Measure staff attitudes regarding the environment, and become an employer of choice by better managing energy, waste and water
- Enhance your brand perception, especially in the eyes of environmentally conscious consumers, and communicate your environmental action
- Better position your company to meet environmental procurement requirements
- Determine and measure your non-financial material risks

REDUCING ENERGY COSTS

- Find out where energy is being consumed and recommend energy-efficient initiatives that could reduce your energy costs by 20-40%
- Install energy monitoring and environmental tracking software and products
- Measure how much carbon your organisation emits as first step towards carbon neutrality

HELPING THE ENVIRONMENT

- Reduce/offset carbon dioxide from your:
 - Vehicle fleet
 - Head office, and any other building/s
 - Air travel
 - Conferences and events
 - Freight
 - Waste and paper
- Neutralise your carbon footprint with our exciting offset projects
- Support mixed native tree planting projects with the *Yarra Yarra Biodiversity Corridor*

Carbon Neutral's Yarra Yarra plantings are helping to re-establish habitats for Carnaby's Black-Cockatoos
